

## Product Specification Sheet

# Turfmaster® System

Combines large turf rolls with specialist, easy-to-use laying equipment, for rapid laying and significant labour savings on sizeable projects.

**Please note: Rolawn Turfmaster rolls have netting applied around the turf at the point of harvesting. This stabilises the rolls during transit and must be removed by hand as the turf is laid.**

### Specifications

<b>Roll size</b>	Each roll covers approximately 13m <sup>2</sup> .
<b>Dimensions</b>	Typical roll dimensions when harvested: 533mm (width) x 24.4m (length).
